

Healey 3000 replica project based on BMW Z3 SOLD

Asking price was 13.250 pounds.

Not for sale - it has been sold via a [Car and Classic Free Ad](#)

This is an opportunity to buy a complete project to build Austin Healey 3000 replica cars with a custom designed chassis.

The first car is 80% complete and has all the major engineering work completed. All major components are available. To complete would need an exhaust, BMW fuel tank, and cockpit fitting and painting.

The original idea behind this project was to produce a good reliable Healey replica that look the part but had the reliability of a BMW under the body. Over £10K spend on material parts.

This unfinished project is for sale dew to other commitments.

The project is complete with the following parts

A. 80% finished 1st car which includes; Complete Chassis, Pilgrim 6 part Body unpainted, Engine 2.9ltr (new head gasket fitted) and gearbox, all four corners with suspension, clutch, pedal box and brakes, wiring loom installed but not terminated, ECU, Dash, new Wheels and Tyres. Windscreen with Original uprights, new chrome work e.g. bumpers with over riders, lights etc.

B. Cad cutting files and chassis Jig for the chassis manufacture of future cars

C. A complete second Pilgrim complete body also available

D. 2nd body and jig is in Burton upon Trent

More information on request.
