

## **Pilgrim Haldane 3000 owned by Richard Robinson.**

I purchased my 3000 with absolutely zero info regarding donor car etc etc, and over the last couple of years I've gradually built up a little more knowledge of my car, and Haldane's, history.

Sadly, the benefit of having the use of a Company Car over the years, has meant that my mechanical knowledge has almost disappeared, and even the simplest of jobs can be a challenge....but one gets by!

Here is a little information to update to your register.

My car already appears.. Reg No. B919 MWV

It was first registered in Sept 2002.

Registration Document has it as a Pilgrim Haldane 3000

Chassis No. P300021849

I purchased it in Nov 2011.

It now resides in Manchester UK.
